#### CONSTITUTION DAY THIS YEAR

It is both a paradox and a trib- of the coming month. since the signing of the Constitution, it should be undergoing its most severe test. A paradox because while an officially create government sesquicentennial com mission se ks to rekindle a devotion to the Constitution, others seek to prostitute it to their own grasping for power. A tribute because it has stood for 150 years in defianc of all attacks.

One of the most common and in sidious attacks has been that the U. S. Constitution is being used by a minority of the people to defeat the will of the majority. As a political plea for votes this is fact, protection for the minority is and has been the heart and soul of the Constitution.
