Robert Ellis of Ashworth avenue was rescued from the Hampton river Sunday morning after his outboard skiff capsized at 11:45 a.m. Irving Jones, a lobsterman, saw the mishap and pulled Ellis into his lobster boat, according to Coast Guard officials.

The Coast Guard Duck, rushing to the rescue of the overturned boat, went out of control in the traffic circle, at the North Shore intersection, jumped a traffic island, knocked down two light poles, and just missed a car it was trying to avoid. Four persons es-

#### Water Skiing Proves Fast Growing Sport

Water skiing under the direction of the Hampton Beach Ski School will be available during the summer daily 8 a.m. to 8 p.m. on the southwest side of the Hampton River State Bridge.

The school will be directed by Ray White and reservations may be made by telephoning the Chamber of Commerce at Hampton Beach. A small sign with banners will be erected to indicate the skiing site.

If enough interest is shown in a ski club, one will be formed, with an agreed upon initial fee, which would then belong to the club.

Water sking is America's youngest, fastest growing sport. The thrill of speed, the joy of skilled maneuvering, the exhilaration of water and sun, the spice of competition - few sports combine the many pleasures found in water skiing. Understandably fast growing, water skiing devotees are among the most enthusiastic of sports lovers.

Anyone can water ski. Not every beginner will become a champion but the old idea that the sport requires great athletic ability has been proven wrong. From children to persons in their sixties, people have learned to ski well enough to really enjoy themselves.

Sking is not dangerous. Actually, erious injuries are few - and hese do not occur in conventional, non-competitive skiing.

Water skiing is a team sport calling for partnership thinking by kiler and driver. Be sure to select a dependable boat driver. Convenional Signals eliminate guesswork at critical moments. The American Water Ski association has set up standard hand signals.

Get Acquainted Dance At Ballroom Monday

This week marks the start of the 31st season of the Casino Ballroom at Hampton Beach.

There will be dancing every evening, except Sunday, from 8 PM to midnight. This week Ted Herbert and his orchestra will occupy the bandstand.

The annual Night Before the Fourth dance will feature seven hours of continuous dancing. This special event has become a favor-

ite of young and old alike. On Saturday, July 5th the great singing stars, The Four Aces, will appear at the Casino Ballroom.

On Monday nights the Casino policy of "Get Acquainted" dances will continue. Tuesday will be Gentlemen's Night and Thursday, Ladies' Night. There will be plenty of free prizes awarded to lucky guests.

Beach guests are reminded to ask their hosts about special tickets to the ballroom.

# Report Fishing Good At Beach

The BEACHCOMBER

Excellent fishing, with large catches of haddock in the outside waters, and some of the best flounder catches of recent years inside Hampton Harbor, have been making the sport irresistable to those who can get out on the water with hook and line.

Over the week-end the "Rick Rock", belonging to Al Gauron brought in 1,500 pounds of haddock with a very happy party of fishermen. And Al's other party bont, "Alice G." brought in lesser but certainly ample catches of haddock.

Mrs. Helen Gilmore said that fishing from the Harbor was "the best in years". She said that several hundred people went fishing over the week-end, either in party boats or in smaller rented boats.

Fishing is not difficult, de manding only a little patience. With the lure of plentiful catches this year, the sport should prove

condition was reported as good.

As millions of fun-seeking mo torists head for the lakes, mountains or beaches over the Fourth of July holiday, safety experts are hopeful that extra care and caution will keep the highway accident toll at an all-time low.

To help achieve this goal, look over this list of 10 driving tips. Remember - no one yet has ever had a license long enough not to secome involved in an accident.

1. Control your temper when behind the wheel. Highways are crowded and travel is low; don't blow-up" and take unnecessary

2. Start early, expect frequent delays and leave for home early, preferably during daylight.

3. Watch out for careless driv-

s who are over-anxious to reach ieir destinations. 4. Slow down, to allow passing

the right lane ahead of you. 5. Always give the other driver more than his share of the road. 6. Get into the proper lane well advance of turning - and alvays signal your intention to turn

7. Pull your car entirely off the road when stopping for sightseeor a roadside picnic.

8. Check traffic in all directions, especially to the rear, before pulling out of a parking spot onto the highway. 9. Reduce speed at sundown and

drive within the range of your 10. Concentrate on your drivng - it's a full time job.

### Issue Anti-Litter Plea For Holiday Weekend

The Roadside Improvement associates, sponsors of the "Keep New Hampshire Beautiful" program and the statewide Anti-Litter campaign, today urged residents to observe the 1958 Fourth of July holiday with an emphasis of "recreation" rather than "WRECK-

The associates defined "WRECK REATION" as the "sport of the careless and indifferent residents and visitors who thoughtlessly litter roadsides, picnic areas, beaches and other public and private property with travel trash, rubbish and other remnants of poor outdoor manners".

The thousands of visitors who are evidence of New Hampshire's beauty, attractions and advantages, according to the Roadside Improvement associates, who urged that "everyone - resident or visitor - can do his part to help "Keep New Hampshire Beautiful," by putting travel trash into a receptacle, not tossing it onto the thway or the roadside."

Fourth Beach Vacation

Myron Andrews, 40, and his mother, Mrs. Roselda Andrews of Jamaica Plain are spending two weeks at Hampton Beach at the Harris Sea Ranch motel.

This is Myron's fourth summer at Hampton Beach, a welcome vacation from his busy Jamaica Plain news stand, which he has operated for nine years in spite of cerebral palsy.

He handles an average of 700 papers daily—with the help of three newsboys. Myron has also had the help of others, including James Michael Curley, whose help was invaluable to Myron nine years ago in setting up the news stand. And the ex-mayor of Boston often drops by now—except for these two weeks of precious vacation, when Myron's stand is closed.

BARBARA MUNRO, 15, of Littleton, Mass., found the water pleasantly cooling, during her vacation at Hampton Beach.

# Harbormaster Pay Set By Port Authority

Annual salaries for harbormasters named last month for the seacoast region were set this week by the N. H. Port Authority.

According to the state-appointed commission records the salary of Hampton's harbormaster, Eugene Mahar, will be \$500 a year.

Other salaries are: Gerard B. Amazeen, New Castle, \$1,000; Rupert S. Harvey, Portsmouth, \$500; W. R. Welcome, Durham, \$500; and Willis B. Saunders, Rye, \$300.

Authority members, the harbormasters and Coast Guard and seacoast warden officials have met, and discussed cooperation enforcement of regulations and duties and responsibilities.

Several changes are being made in the authority's rules and regulations for harbor and tidal waters, and copies of them will be made available soon.

Amiro, director of the New Hampshire Aquatic School at Camp Tevya, Brookline, since its organization in 1953, interviewed park managers and lifeguards at all beaches in New Hampshire state parks to ascertain whether safety measures beyond those already in force might be considered

in the interest of public safety. Commenting that park managers and lifeguards " . . . were onscientiously aware of their many problems in safeguarding the lives of the public," Amiro concluded in his report that "generally, your guards need lifeguard training" similar to that furnished at some of the large Atlantic Coast areas-Jones Beach, Atlantic City, etc.

Mal's present orchestra was formed about four years ago, and includes Milton Appleby of Ro chester, fiddle; Edith Patch of Rochester, piano; Don Hoey of Gonic, drums; and Jack O'Connor of Weare, banjo.

The Hampton Beach State Park also offers bathing on 2,000 feet of excellent beach; a modern bathhouse with complete facilities including refreshment counter; tennis courts, shuffleboard, and other games, operated for public recreation by the New Hampshire Forestry and Recreation Commission, Concord.

The bathhouse is an architectually unique structure, showing orderly functional use of cement and steel, protected by sand dunes that have built up over a fence that originally stood on the ocean side of the building.

The building was completed in only 337 days, beginning in the tate spring of 1937. It was finished in time for the fourth of July that year, under the administration of Governor Francis P. Murphy with his executive council, Virgil D. White, Charles M. Dale, Thomas A. Murray, Alvin A. Lucier, and George H. Rolfe.
